CONVERSION RATE LLA + 15%

NAZARENO CASTRO BAY
DIGITAL MARKETER

PROJECT DESCRIPTION

When I worked as a Growth Marketer for Vilahouse, I made an experiment in Facebook Ads. I tried to use data from the website pixel and Facebook analytics to create some extremely High Quality Audiences.

WHAT I DID?

- I used Facebook Analytics tools to realize that people who became leads viewed more than 4 pages per session.
- So I created an audience based on that, then made an LLA from it.
- Also I created a Remarketing Audience of people who visited our website, viewed more than 4 pages and didn't become a lead. (because people who visited more than 4 pages were more likely to become a lead)
- Then I create conversion campaigns with lead objective (Also I installed the event on the website)
- Created a Landing page and also the ad creatives.
- Launched the campaign, and started breaking down.
- Duplicating what worked and killing what doesn't.

MY RESULTS

- 518 new leads.
- Two Cold Audiences Reached a +%15 conversion rate.

**** DISCLAIMER:** When I say they became leads, that mean they asked for more information about an offer of a prefabricated house. Then an email automation funnel will pursue them until they buy.**

****DISCLAIMER 2:** Currency is Pesos Argentinos. 1 USD = 40 ARS **
